

## Can you help Verity spread the truth about PCOS?

Verity gets lots of enquiries from the media about PCOS, which is great because the more coverage the condition gets, the better informed the public and medical community are about PCOS.

SHARING THE TRUTH ABOUT PCOS  
Registered Charity No. 1097599

We need to be prepared for this interest, so are compiling a list of women who are happy to share their story.

**The Grayston Centre  
28 Charles Square  
London  
N1 6HT**

How it works:

- The media works on a very fast turnaround so we would contact you by email, giving details of the enquiry and asking if you are interested.
- If you are, we will pass your contact details to the journalist making the enquiry.
- If they want to talk to you they will email or telephone you directly.
- We won't pass your details on unless you have told us that you are happy for us to do so.
- Most publications will want to photograph you.

If you could help then please fill out this form and return it to a member of the Verity Board or post to the above address.

Thank you for your support and for helping to share the truth about PCOS.

With kind regards

Julia and Laura
